I am writing to introduce you to Clean Money Squad PA (CMS-PA), a 501(c)4 nonprofit, nonpartisan, citizen volunteer organization incorporated in Pennsylvania.

Simply put, our mission is to inform Pennsylvania voters about candidates for elected office who endorse the American Anti-Corruption Act (AACA). The AACA is model legislation crafted by former Federal Election Commission Chairman Trevor Potter in consultation with dozens of strategists, democracy reform leaders and constitutional attorneys from across the political spectrum. The AACA is comprehensive reform, sorely needed at the local state and federal levels. A one page summary of the AACA is attached. I invite you to find out more about the AACA at [www.anticorruptionact.org](http://www.anticorruptionact.org).

As a nonpartisan Pennsylvania based organization, we are focused on providing one key piece of information to voters in Pennsylvania: **do you, as a candidate for elected office, endorse and support the American Anti-Corruption Act?** We are asking for a formal endorsement of the AACA from all candidates for U.S. Senate, U.S. House of Representatives, Pennsylvania State legislative, Judicial and Executive candidates, as well as local candidates all the way down to school board candidates, regardless of political affiliation.

Those candidates who formally endorse the American Anti-Corruption Act by signing and returning the attached form, will have their photo and contact information published on our website, Facebook and other social media, and in local statewide and national press releases. Those candidates who choose not to endorse the AACA will be conspicuous by their absence. Inclusion on the CMS-PA website and in media communication does not constitute endorsement by CMS-PA or its affiliates, it is only an acknowledgment that you are serious about comprehensive political reform.

Please take some time to examine the provisions of the American Anti-Corruption Act. Feel free to contact us for details or to ask questions. Sign the endorsement and show your voters that you will work to fix our broken system.

Sincerely,

Peter Ouellette, Managing Director, CMS-PA
